### FRENCHMAN IS ON TRIAL ON TREASON COUNT

Georges S. Quiet Is Accused  
of Denouncing Nurse to  
Germans.

CALL 58 WITNESSES

### Renegade Faces Court-Mar- tial in Paris Mon- day.

By Robert J. DREW.  
PARIS, Aug. 25.—One of the most sensational trials growing out of the war was scheduled here today with the arraignment of Georges S. Quiet, a renegade Frenchman, before a court martial for denouncing nurse Edith Cavell to the Germans in Belgium. The specific charge against Quiet is treason.  
A preliminary hearing has already revealed that Cavell helped him by advancing him money to get to France from Belgium. Later, however, Quiet returned to Brussels. The prisoner declared that he had been commissioned to work as a French spy in Belgium.  
Among the 58 witnesses summoned to appear are the Prince of Croix and many Belgians who have knowledge of Quiet's activities.  
Notification was given by Quiet's lawyers that he would apply for a postponement of the case until the principal authors of Nurse Cavell's assassination among the military officials in Belgium have been arranged before an international tribunal in accordance with the peace treaty.  
Quiet, who is forty years old, has lived a life of crime, the authorities say. He was in prison at St. Quentin when the war broke out. Soon after his liberation in September, 1914, he got in touch with a Franco-Belgian organization which arranged for the escape through Holland of many allied officers and men who lost their way in the retreat from Mons.  
It is alleged that Quiet, after entering into dealings with the Germans, denounced the entire allied relief operation in Belgium. Nurse Cavell, Mme. Thuliez and Mme. Bodard were arrested. Only Nurse Cavell, who was of British nationality, was put to death. Mme. Bodard was sentenced to 20 years penal servitude. Mme. Thuliez was doomed to death but was later pardoned.  
Both Mme. Thuliez and Mme. Bodard are to be witnesses at the trial.

### LIGHTNING DESTROYS BARN; KILLS HORSES

NEWARK, Aug. 25.—Lightning struck and destroyed the barn and contents on the farm of William Weant during a terrific electrical storm early today. The loss is \$4,000 covered by insurance.

### SEEK APPLICATIONS FOR TWO POSTS

Application for the recently created positions of case worker and visiting nurse for the Red Cross Home Service section will be received up until August 30. Miss Dorothy Weinswig, executive secretary of the organization announced Monday.  
Applicants for the positions must be 21 years of age, high school graduates and trained for the respective positions. A case worker must take a special course of training in that line of work and will act as an active assistant to the executive secretary. The visiting nurse will be a registered Red Cross nurse.

### Members of City Food Commission Check Contents of Car-Crates of Foodstuffs Will Be Opened and Sales in Small Quantities Made, is Plan.

East Liverpool's delayed sale of government foodstuffs will start at 4 o'clock Monday afternoon.  
This announcement was made Monday morning by H. B. Barth, chairman of the city food commission immediately upon the arrival of the big carload of foodstuffs.  
The car arrived on the Horn Switch at 9 a. m. Word of its coming reached Barth early Monday morning from Pennsylvania freight officials here and arrangements were made at once to empty the car and start the sale of goods.  
Through the courtesy of Peter Milliron, transfer man, the big red moving van of the Milliron company was placed in operation and the first truckload of crates was started rolling toward the Sol Ostrow store at 11:30 o'clock. Barth, W. I. Lewis and James Duffy, members of the commission, were on the job checking the contents of the car.

### Four Salesrooms Are Open

Four hundred crates of canned peas were contained in the first truckload of provisions taken from the car. Canned corn, tomatoes and bacon comprise the balance of the car's contents. The price list as announced Saturday will be in effect when the cargo is placed on the counter.  
As soon as the downtown store is stocked, the truck will distribute a truck load or more of canned goods to each of the outlying fire stations. James Duffy, secretary of the commission, will supervise the sale of the Ostrow store in the Diamond.  
It is the plan of the food commission to begin the sale simultaneously at all four sales stations at 4 o'clock Monday afternoon. This plan will be put into effect provided sufficient volunteer help can be secured to aid in unloading the car.  
Crates of foodstuffs will be broken and small sales of canned goods made. Customers are urged to bring money in small denominations in order to facilitate changing and are urged to provide their own means of transporting their purchases away from the vicinity of the sales stations.

### Government Food is O. K.

Chief of Police Hugh McDermott has detailed several patrolmen to the downtown and outlying sales stations to preserve order. James Duffy of the food commission has provided the following sales clerks to form the nucleus of a sales force to take care of the disposal of the commodities at all the stations: G. J. Clark, William Pittenger, A. M. Burns and Charles Evans at the Northside fire station; Frank Hull, Elmer Carey, James Gibson and Hunter Allison at West End and J. J. Weisend and Claude McCoy at the East End.  
Sharp denial of a current rumor that the goods contained in the carload were part of the army stores accumulated for use during the Spanish-American war was made by the food commission Monday.  
This statement was made by the food commission:  
"There is a widespread rumor about the city that the foodstuffs contained in the carload are of a poor quality and are part of the government's store of food left from the Spanish-American war.  
"There is absolutely no truth in this rumor and we wish to state that the canned goods to be offered the public are of the very finest quality and freshly canned. We have the assurance of James F. Malone, Pittsburg

## RAIN MAY STOP AIRPLANE RACES

Postponement of New York-Toronto Aerial Classic for \$10,000 Prize Is Likely—Aces to Compete.

TORONTO, Ont., Aug. 25.—The Prince of Wales today started 17 airplanes in the aerial derby from this city to Mineola, N. Y., for a \$10,000 prize. The hop-off was made shortly after noon.

ROOSEVELT FIELD, MINEOLA, N. Y., Aug. 25.—Rainy, foggy weather threatened an indefinite postponement today of the New York-Toronto race for a \$10,000 prize.

The airplanes were divided into three groups. The weather began to clear at noon and shortly afterward it was announced that the first machine of the second group might get away between 1 and 2 o'clock. There were 12 planes in this group and the

others were scheduled to follow the leader at five-minute intervals.  
The contingent of airmen leaving Toronto for Mineola were scheduled to leave the Canadian city at noon.  
The foremost aces of America have been entered in this 1,042 miles air fight and messages will be exchanged between President Wilson and the Prince of Wales. About 45 aviators were to have left Roosevelt Field at 9 o'clock, but heavy showers came up and the start was put off an hour. At 10 o'clock, it was still raining and the air was thick with mist and it was decided to postpone the gateway indefinitely.  
A feature of the big race is the fact that a captured German Fokker plane will be used to carry a message from the Prince of Wales to President Wilson. There are to be three stopping places en route for inspection—Albany, Syracuse and Buffalo.

FINDLAY, Aug. 25.—A destructive rainstorm visited the southern part of Hancock county last night doing much damage. Mrs. Susan Ecker lost three horses by one bolt of lightning.

### OUTLAW LEADER ESCAPES

American Troops Withdrawn  
from Mexico When "Hot  
Trail" Is Lost.

By JOHN EDWIN NEVIN.  
SAN ANTONIO, Tex., Aug. 25.—The American punitive expedition, made up of three troops from the eighth cavalry and one of the fifth, is back on American soil. Its search for the bandits who kidnaped Lieut. Peterson and his companion, ended when the "hot trail" was lost. The bandits have scattered and their leader, Rentario, is reported more than 50 miles south of the farthest point reached by the American raiding forces. He is declared positively to have been located at a ranch house near San Pedro. This information influenced the American army officials to withdraw as there was no chance for overtaking him.

Army headquarters here, however, is well satisfied with the result. It was pointed out that the accomplishments as the results of the chase are as follows:  
All of the bandit gangs between the border and a point 50 miles beyond have been scattered. They have learned that the mere swinging across the border no longer will furnish asylum from pursuit in the future.  
All of the mountain passes have been located and mapped by American aviators with the result that in future pursuits it will be possible to make much master time.

The Carranza government at last is convinced that it must afford protection to American lives on the border and within a very short time an arrangement will have been arrived at between Mexico City and Washington, where forces will have a free hand in chasing bandits.

It was emphasized today at the headquarters of General Dickman that the present expedition had been withdrawn because it was found absolutely impossible to locate any additional trails of the bandits. The orders to Colonel Langhorne, it was explained, were to start back as soon as it was found that Josua Renario had evaded pursuit. The latest reports showed

## BANDIT CHASE OFF, MESSAGE

Withdrawal of Troops from  
Mexico Is Confirmed In  
Dispatches.

WASHINGTON, Aug. 25.—Withdrawal of the American punitive force in Mexico was confirmed in dispatches made public by the war department today.

One, a message from Major General Erwin to Major General Joseph T. Dickman, commander of the department of the coast, stated:  
"Reports from Fort Hancock state further pursuit of bandits and stock will not accomplish mission. I have ordered immediate return of troops to station which should be reached tonight (Saturday). Full report will be made you later."

An earlier message from General Dickman, to Adjutant General Harris stated:  
"Colonel Langhorne has been given orders to withdraw his forces unless he has very definite prospects of success."

## MARCUS PETTY, ICE CO. DRIVER, THREATENS TO END HIS LIFE

Missing from Home In Wall  
Street Since Sunday  
Noon.

### NOTE FOUND BY WIFE

"Tired of Life; You Will Find  
Body In Park," His Fare-  
well.

"I am tired of this life. You can find my body in Rock Springs park." This brief note, hastily scribbled on a bit of paper by Marcus Petty, aged 30, was found on the table of the Petty home, 422 Wall street at noon Sunday by Mrs. Petty. Police headquarters were notified at 11 p. m. Sunday and a search has been instituted for the missing man by police in three counties.

Chief of Police Hugh McDermott Monday assumed personal charge of the investigation. The missing man had been employed as a driver for the Crystal Springs ice company of Wellsville up until last Friday, police were told. He was last seen at his home shortly before noon Sunday.

Mrs. Petty, wife of the missing man, told Chief McDermott that her husband had been acting a little strange within the past few days but she paid no heed to his actions.  
Officials of the Steubenville, East Liverpool and Beaver Valley Traction company, who control Rock Springs park, were notified Monday morning of the contents of the note and its reference to the park as the possible location of the man's body.

One of the last acts of Petty before his disappearance was to collect all photographs of himself in the house. These were taken with him when he left.

### AUTO BANDITS GET \$12,000 IN HOLD-UP

BOSTON, Aug. 25.—Four bandits leaped aboard the running board of a taxicab in which two messengers from the Fidelity Trust company were riding in Foxbury today, and stole \$12,000.

The police of this city are hunting for the quartet. The coup was the most daring in the history of the city.

### PUT BAN ON OSCULATION.

LANCASTER, Aug. 25.—This is no place for the love-lover.  
Osculation is under the ban. Cynical old physicians blamed kissing for an epidemic of lip swelling which has been general so the enemies of cupid have decreed Lancaster to be a kissless town.

### WEALTHY CONTRACTOR SHOT BY BANDITS

TOLEDO, Aug. 25.—James H. Dusha, 51, wealthy contractor was shot twice by auto bandits, as he was leaving his home here this morning. He is near death in a local hospital.

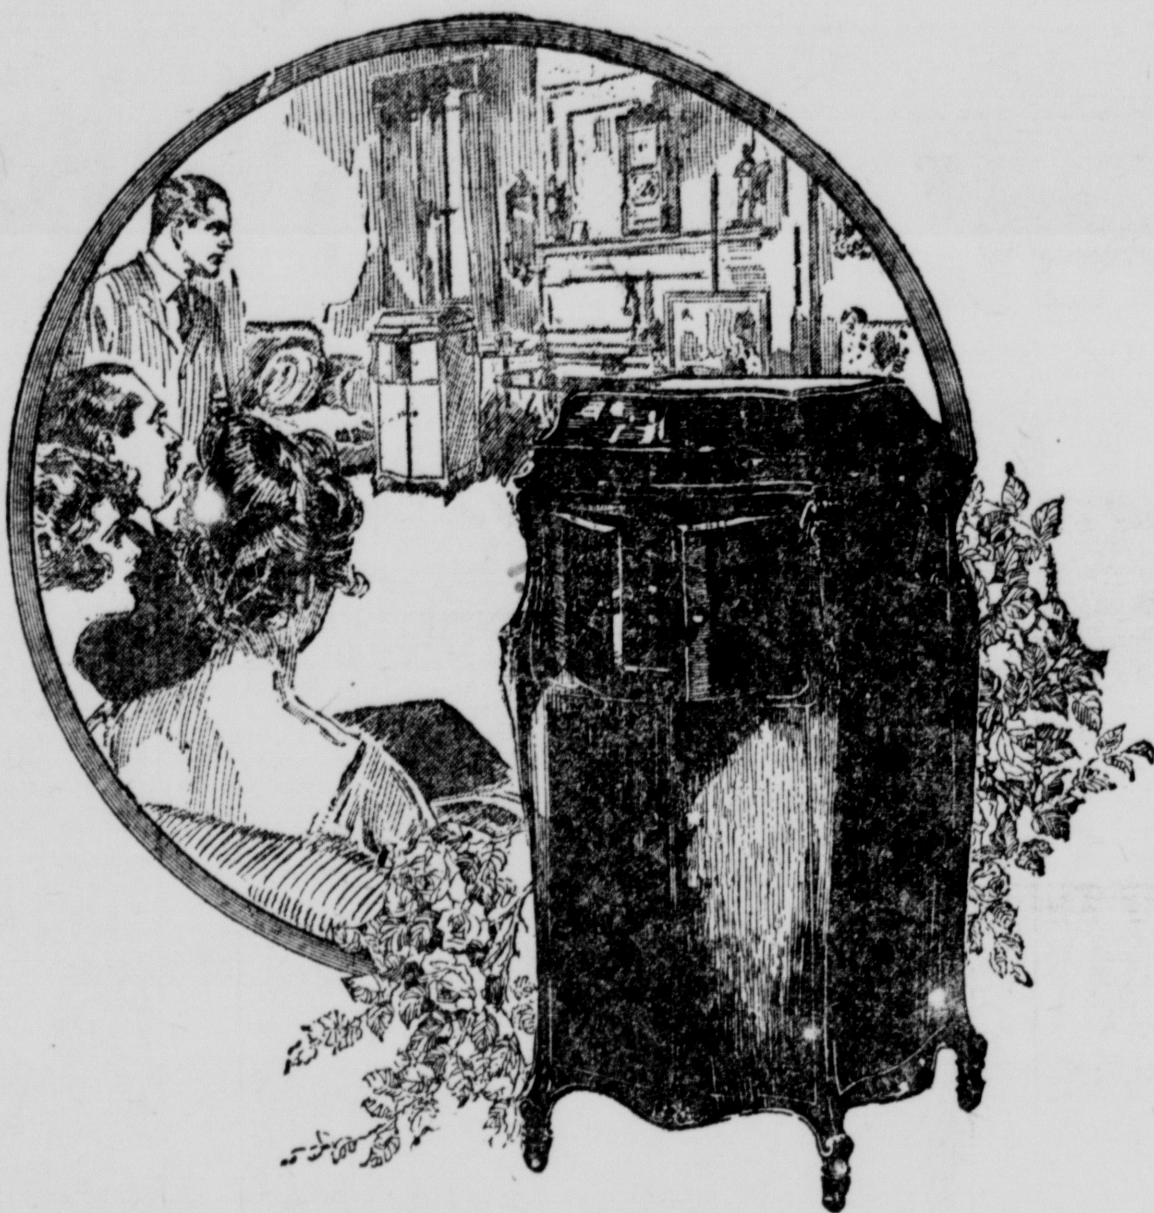

A patrolman heard the shots and fired on the bandits. One was hit but was placed in the automobile in which the bandits escaped before the officer could reach them.

The cause of the attack is unknown.

### THIEVES BOUND AND GAG WOMAN; GET \$300

CLEVELAND, Aug. 25.—Two thieves today bound and gagged Mrs. Fannie Ruppert, 34, at her home in East 43rd street and looted the home. They took nearly \$200 in cash and a \$100 Liberty bond. Mrs. Ruppert had accompanied her husband to the front gate of their home this morning. As she turned to re-enter the house one of the burglars held her up at the point of a revolver and forced her to enter the house ahead of him. The other man was already in the house and the two bound and gagged the woman. She was found several hours later by children.

## COUNTY NEWS

### DEPUTY GAME WARDEN IS KEPT ON JUMP

Deputy Game Warden William H. Toot of Lisbon is on the lookout for parties who are catching coons out of season. He made a trip to a farm between Salem and Winona Saturday night and compelled James Nannay to release three coons which he had caught. Nannay was not arrested but paid the costs and expenses of the trip of the warden.

Quite a number of coon hunters have been asking whether they will be permitted to run coons before the season opens up in order to train and condition their dogs, but the warden claims that under the law they will not have that privilege. In other years it was found that where hunters went out on such a mission they sometimes killed the coons by shooting them from the trees, or the dogs caught them upon the ground.

### COMMISSIONERS WARN CONTRACTING FIRM

The county commissioners Monday called in before them the Campbell brothers who have three road contracts in this county and notified them that unless they got busy on their work the county would impose a penalty for delay. This firm has three contracts, one near Wellsville, another the cut-off at West Point, and the third, a three mile road between West Point and Lisbon.

### section of road that the commissioners claim there is delay.

Visited Lisbon Relatives.  
Mrs. Morris Keith and son, Moses C. Keith of Alliance visited Lisbon relatives Sunday. The son was one of the Ohio boys who with other soldiers saw service in Italy.

### TO FIGHT MOVE TO ENLARGE LEETONIA

A big fight is staged to come off before the county commissioners within a short time when Leetonia presents the proposition to take about 122 acres of additional territory into the corporation. Seventy-five per cent of the property owners have signed a protest and attorneys have been retained to fight it. Among other property to be taken in is the Crescent Machine company plant and 24 lots along the Columbia street extension. It all lies in Fairfield township. The tax value, personal and real, is about \$325,000 and Fairfield township trustees claim they will lose nearly a thousand dollars in taxes and the schools will lose over \$2,000. The Leetonia tax rate is higher.

Plan Trip to Missouri.  
Frank M. Willard and Loren Cope of Lisbon leave Tuesday for Camden, Mo., where they will investigate some lead prospects in which local people are interested. The find is in the Joplin district.

### LOW MORTALITY RATE IN LISBON DISTRICT

For the last thirty days there has not been a death in Lisbon, one only in Center township and but one in Elkrun township. This is the territory that composes the Lisbon mortality district. For months back the death list has been low, or ever since the end of the flu epidemic.

### YANKS

Continued from Page One

that he had taken alarm immediately after part of the ransom was paid and had headed for the south. At all times he had a lead that could not be overcome and was enabled to increase it because of the necessity of Colonel Langhorne's men searching all of the territory through which they passed.

The report that Rentario had been killed by an American machine gunner is not credited at army headquarters, where it was stated there was no doubt of the identification of the bandit located south of San Pedro.

A telegram was received at the headquarters of General Dickman yesterday from Colonel Langhorne announcing that a request had been received from General Pruneda, the Mexican general, who also was in pursuit of the outlaw gang, asking that American aviators be allowed to scout for a band of Villistas near Palomas. This permission was not granted, as the United States troops and airmen went across the line for the definite purpose of trailing certain bandits and no risk would be run of having any charge made that the troops were diverted from that purpose.

Pruneda's telegram to Langhorne said if the Villistas were located, he would send a force of federal soldiers to attack them. It was also reported that Hippolita Villa was with this force. This is believed to be untrue as Hippolita, according to well grounded reports in the hands of military officers, is in a hospital in Santa Rosalia. Francisco Villa is known to be in Parral and his physical condition precludes his leaving there.

### Named U. S. Commissioner.

Akron, Aug. 25.—President Parke R. Kolbe of Akron university has been named by United States Commissioner of Education P. P. Claxton as a member of a federal commission of three which is to make a survey of the school system in Hawaii. He will leave early in October and will be in the islands for a month or six weeks.

### DEATH ROLL

#### DR. ROBERT LAUGHLIN

Dr. Robert Laughlin, one of the most prominent practicing physicians of Steubenville, passed away at his home Saturday at 10 a. m., aged 67 years on June 18, 1914. Death was due to cerebral hemorrhage. He was only taken ill last Sunday, though he was at his office on Saturday.

He was born at Pomeroy, Ohio, and the family removed to Beaver county, Pa. He took a medical course at Western Reserve University and a post graduate course at Bellevue, N. Y. He located at Millport, Columbiana county, where he has practiced for ten years when he removed to Steubenville and had been in practice ever since.

He was a member of the Jefferson County Medical Association, the Ohio Medical Association and the American Medical Association. He was a member of the Masonic bodies, the Shriner and the I. O. O. F. and Westminster Presbyterian church. He also served on the Board of Education of Steubenville.

He was united in marriage to Mary Warrick 43 years ago and she survives with one son, Dr. Curtis Laughlin. Two brothers and two sisters also survive. Dr. Joseph Laughlin, of Alliance; Dr. Frank Laughlin, Mrs. Charles Watkins and Mrs. Andrew Wilson of East Liverpool.

#### MRS. ANNA COWAN.

Mrs. Anna Menough Cowan, wife of Robert Cowan of East Palestine, died at 8.30 o'clock Sunday morning in the Salem hospital, following several weeks' illness from cancer. Deceased was the eldest daughter of Mr. and Mrs. George Menough of Pleasant Heights. She is survived by her husband and nine children, four brothers, Garnet, Gilbert, George of this city, and Oliver, recently enlisted in the U. S. cavalry. One sister, Mrs. Lydia Cowfer of this city, also survives. Funeral services will be held Tuesday from the late home in East Palestine. Interment will be made in East Palestine.

East Liverpool was recommended for the hotel by H. C. Osterman, of the Lincoln Highway association, when the Hoffman interests signified their intention of finding a hotel location on the Lincoln highway within 50 miles of Pittsburgh.

### NEGOTIATIONS WITH SHOP WORKERS CONTINUE

WASHINGTON, Aug. 25.—Negotiations between the railroad administration and railway shopmen will continue at the white house this afternoon when President Wilson will receive Director Hines and representatives of the men.

The negotiations for a wage increase, which were opened when the unauthorized strike of the shop workers came to an end, have been carried on for four days in executive session. The president cancelled several afternoon engagements in order that he might receive the conferees and hear a report of their progress to date.

### PLACES OPEN FOR STUDENT NURSES

The nurses' training school at the East Liverpool City has facilities for training an unlimited number of students.

The training for nurses extends over a period of three years and embraces all branches of the profession. Graduates of the hospital here are rated as first class nurses. Applicants seeking to enroll in the school should apply to Miss K. McMahon, superintendent of the training school.

### Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe on the outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of Limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of Limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

### Diversified Investments

As an additional measure of protection many people diversify their investments by purchasing several different kinds of bonds. For the convenience of those who wish to follow this plan, we will submit several lists of sound securities, each list totaling up to the amount of your proposed investment.

## NO WORD ON STRIKE BALLOT

Officials of the various crafts at the Cleveland and Pittsburgh railroad shops here stated Monday morning that they had received no announcement of the result of the strike ballot. The crafts men within the past two weeks, at individual meetings, balloted on the strike proposals and submitted their votes to Secretary Conlon, of the Railway Department of the American Federation of Labor.

Indications that Director Hines may already have an answer ready was seen in the fact that he has conferred with President Wilson twice within the past week. Should Hines within the wage increases asked by the shopmen, freight rate increases may follow, officials of the railroad administration believe.

About 93 per cent of the votes already counted Saturday are for standing pat on the original demands presented Jan. 1 for an increase from 65 to 85 cents an hour, said Conlon. He stated that the demands include a provision that the increase be made retroactive from January. Thirty days' notice must be given in the event of a strike, said Conlon.

The men are voting on two propositions, according to officials of the A. F. of L. The first is that proposed by President Wilson who suggested that the whole matter be left to the decision of a board to be created by congress. On Saturday less than two per cent of the votes counted favored this.

The second question on the ballot was whether the men wanted to stand pat on their original demands submitted Jan. 1. Ninety-eight per cent of the votes already counted favored this. All votes must be in headquarters Monday morning, according to Secretary Conlon, from where the result will be announced.

## EMPIRE BOY KILLED WHEN RUN DOWN BY AUTO

John Gibas, nine-year-old son of Mr. and Mrs. Louis Gibas, of Empire, was almost instantly killed Saturday when he was run over and crushed beneath a heavily loaded auto truck, driven by Joseph Tulencik, of Toronto.

The lad with three other boys, attempted to board the truck, it is claimed, as it was being driven through town. The Gibas boy climbed on the side near the driver, lost his balance and fell beneath the wheels. The rear wheel passed over his head. The driver stopped the truck and carried the lad to a physician's office. He was dead before he reached the office.

## VOTE LIKELY HERE ON CAR FARE INCREASE

Members of city council stated Monday morning that it is improbable that there will be a special meeting of council called to pass an emergency ordinance granting the traction company an increased fare rate.

In the opinion of Mayor George B. Imbrie Wellsville citizens should be given an opportunity to vote either for or against the traction proposition.

Mayor Imbrie said: "I will not sign an emergency ordinance in the event that it is passed by council. I believe that the people of the city should be given an opportunity, which they have, according to law, to vote either for or against the increase and the passing of an emergency ordinance would deprive them of this privilege."

At its last meeting council instructed the solicitor to prepare an ordinance granting a fair increase to the traction company. Trades and Labor council officials stated that they are opposed to the increase and have already filed with council a statement announcing their stand.

## THUGS GET \$45 OVERLOOK \$300

In their haste to rifle their victim's clothes and then make good an escape before being apprehended by the police, two highwaymen, as yet unidentified, overlooked a roll of bills amounting to approximately \$300 in the pocket of C. F. Waters, Sixth street grocer, in a hold up at 11 o'clock Saturday night in Commerce street.

Waters was on his way home after closing his place of business for the day. At a point not far from the Whitacre flats where he resided, two masked bandits confronted him with the command that he throw up his hands. They emphasized their command with a revolver. A hasty search of Waters' pockets revealed to the bandits a sack of silver containing about \$30 and approximately fifteen one dollar bills.

Believing, evidently, that this was all Waters carried, the two thugs told Waters to keep still, and then disappeared down the tracks of a railroad spur there. Waters hastened to a nearby telephone and called the police. He was unable to furnish the local authorities with a description of the men who secured too good a start to be headed.

## SUNDAY ATTENDANCE AT CHAUTAUQUA LARGE

Despite the activities of the weather man Sunday evening's crowd at the chautauqua packed all corners of the tent to hear Elizabeth M. Walsh, a Red Cross nurse returned from service with the A. E. F., describe her experiences.

Miss Walsh was prevented from finishing her story by the beating of the rain on the canvas roof of the tent. However she gave a brief narration of the work of the Red Cross activities in France, presenting facts and figures comparing the death rate in civil life to that in the army.

"The Chocolate Soldier" was presented Monday morning and, in spite of the unusual hours, drew a capacity house.

This afternoon's performance will bring the Kyril orchestra sextet to the attention of chautauqua-goers. The orchestra will give an additional program Tuesday evening. In addition Katherine Ridgeway, reader, will entertain.

## AUTOMOBILE AND TWO BICYCLES ARE STOLEN

An automobile and two bicycles fell prey to thieves here over the weekend. The machine owned by Thomas Hogue, of Chester, was stolen late Saturday night from its parking place in Fifth street. Police found it Sunday morning in a private garage in Dresden avenue. The owner of the garage found the auto standing in Dresden avenue and drove it to his garage he told the police.

A bicycle belonging to Paul Baxter of McKinnon avenue was stolen Saturday night from the downtown section. It was found Sunday morning at the First Presbyterian church where it had been abandoned.

## STATE FAIR OPENS; FAIR SEX ON JOB

COLUMBUS, Aug. 25—Ohio women showed their appreciation by taking advantage of free admission today—opening day—at the annual state fair.

The fair sex, favored by good weather, fairly swarmed the grounds and exhibits.

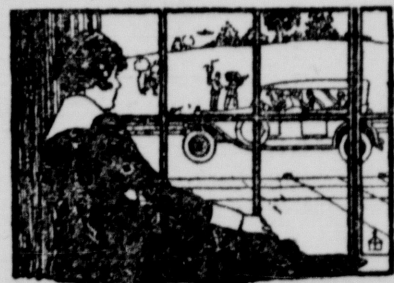

"All we need is good weather to smash all records for attendance," declared State Secretary of Agriculture Shaw.

Tomorrow is Columbus Day at the fair which closes Friday.

## THE FIREMEN'S TWO-PLATOON PLAN.

East Liverpool electors at the regular election in November will vote on an initiative proposal to establish a two-platoon system in the fire department. The submission of the plan for approval or rejection is assured, for more than the required number of signatures has already been obtained on the petitions being circulated.

According to the plan proposed, a two-shift work day would be the rule for firemen—a ten-hour turn for day duty and a 14-hour turn for night service. The members of the department would alternate on the day and night turns.

No one denies the justice of the firemen's petition for a shorter working day. Under the present arrangement, a fireman is on duty 24 hours a day, with the exception of his three meal hours when he is also subject to call, and is given one day's rest in six. The tendency everywhere is to get away from the 10, 12 and 14-hour work day and, if possible, grant an eight-hour day. In most cases, however, this is the rule of employees of privately controlled concerns.

East Liverpool's firemen have a just claim for improvement in working conditions; they should be paid the highest wages the city's income will warrant, for there is no doubt that they work long hours, but there is another side to the question.

The municipal expenses are now at a high mark. But a short time ago, the city council found it necessary to adopt a plan of decreasing the membership of the fire department one man and reducing a captain to the ranks in order to grant the remaining members a salary increase. Curtailment of funds has reached the point where there is not sufficient income to properly equip the department.

If the firemen's petition for the two-platoon system is approved, one of two things is certain—either the present number of firemen must be increased to maintain a force large enough to man the equipment or the efficiency of the department will be decreased by the division of the present force for the day and night shifts. Unless some philanthropist endows the city, the first plan cannot be introduced for there is no means in sight at present of obtaining additional revenue to pay municipal expenses. The feasibility of the alternative has not been determined.

By far and large, East Liverpool's fire fighters are entitled to the two-platoon plan, but some solution of the problem arising should be devised before any such plan is adopted.

## "GET-ACQUAINTED" AUTO TRIP.

The Chamber of Commerce of Alexandria, La., recently held its second "automobile country get-acquainted trip." There was a first trip, of course. It was so successful that a second was demanded and others will probably follow.

Arrangements were made to have an automobile for every four men going on the trip. A delightful itinerary was planned each time, with a good dinner at one end of it.

Such a trip accomplishes several useful objects. It brings together the business men of a community, who often consider themselves "too busy" for much social intercourse. They become better acquainted with each other and with the points of scenic interest near their town. It helps to form better business relationship based on friendly acquaintance. It might also stimulate interest in community affairs and make for the whole-hearted cooperation of the business men and their families in matters of public interest ordinarily left to the public-spirited few.

Many new civic projects might first be thought of and informally discussed during such an outing. It looks as if Alexandria had started something worth copying.

## BANK BOOK OR PAY ENVELOPE.

In England, during the war, many employers undertook to encourage thrift among their employees by establishing the custom of depositing weekly wages to the worker's account in any bank the worker himself preferred. They offered bonuses to all employees who would start such bank accounts.

The employee so paid rarely drew out from the bank all his week's wages. Instead he would draw only what his family actually needed to meet current expenses. And as he saw his small beginning in growing slowly increasing, he became enthusiastic over the plan.

Still later another gain was recognized. This bank deposit system had done away with the standing in line on pay day waiting for a turn at the pay office window. The latter system was thoroughly exposed as a time-waster, an inconvenience and an undignified proceeding. Calling at the bank proved to be a pleasanter and more efficient method of drawing one's pay.

It is said that the idea has become popular among various industries in England and is spreading to others.

It wouldn't be a bad idea to try it out in this country, not only to cultivate the thrift habit, but because of the added convenience and safety. In the past year or two in various parts of the country there have been big pay-roll robberies. If the pay envelope were abolished in favor of the bank book, such robberies would be impossible.

The principal effect of all this anti-high-prices campaign will be to throw the fear of God into the hearts of the profiteers. Guilty consciences may accomplish more than law. Something has been accomplished already along that line.

Expecting to throw the fear of God into the hearts and consciences of the profiteers assumes that they have hearts and consciences. Maybe they have—but what's a heart and conscience to a profiteer?

Wall Street is opposed to the Plumb plan for federal ownership of the railroads. But if Wall Street really wants to defeat that plan, it had better lie low and say as little as possible.

Anyhow, Henry Ford got enough out of his suit against the Chicago Tribune to buy him a quart of gasoline.

## NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Aug. 25.—They got Johnny Spanish, the gangster, over on Second avenue the other day. He had stepped out of a taxi with his wife in front of a cinema palace. Three men came along, shot him to death and walked leisurely around the corner.

Johnny Spanish turned straight three years ago after he did a "stretch up the river." Twelve years ago this trail young boy, just over from Spain ruled East Side gangs and held stuss house keepers in constant terror. He was of Jewish and Spanish birth, which accounts for his name.

His first downfall was due to a Bowery girl—Beatrice Kostand known as Big Alma. To buy her jewels he turned in on the graft of another gangster named "Jigger." The latter was a great stuss house robber.

The two met in a gang fight and an innocent little girl playing in the streets was killed. The police blamed Spanish. Spanish "ducked" the town and while he was gone his girl took up with Kid Dropper. Dropper was a huge fellow and earned his nickname because of his ability to drop his enemies with a blackjack.

Kid Dropper and Big Alma went to a racket one night on the East Side. During the evening someone told Big Alma that Johnny Spanish was outside behind a tree waiting for her. The girl went knowing she would probably be killed. And he did try to kill her.

He fired three shots when she came near him, shooting through the body. She was taken to a hospital and a few days later when a child was born the baby had two or three of its fingers shot off. Kid Dropper then went out looking for Spanish. But Spanish was looking for him and shot Dropper in the neck in East Broadway. He was sent to Sing Sing for it.

And so it is that Johnny Spanish died as he lived—in the gun.

She wore high white shoes and a tan and was chewing gum. In her subway seat she was oblivious to the world while pouring over the latest work of the rose-garlanded truck horse of Aphrodite cosmopolitan—who writes the red blooded, clean limbed—the press as not is talking—the crimson flush stained her cheeks, she takes a bath daily, observe my curving limbs but kiss me on the forehead kind of novels. Suddenly the train came to a downtown station with a lurching halt. The book flew out of her hand and across the aisle into the lap of a benign old patriarch with sidewheel whiskers. As he passed it back, he remarked: "I'm glad to see you saved your chewing gum. These two go so well together."

The craze for getting all tanned all tanned up is strictly Manhattanese. In other centers they wear straw hats, carry parasols and sometimes wear sunbonnets. But to get tanned-up in New York gives one a certain metropolitan cachet. It means you have been disporting on the sands at some beach and that you might have money. And one is certainly nothing in New York without the good old jack. Some Sunday reporters found that a few open air roof gardens in New York where the sun streams down all day had become popular for young ladies who loitered about in bathing suits. A group of Venuses were found sunning themselves on the Ritz and Majestic roof and investigation showed that they were doing it on other roof tops. Of course these folk have money—but they haven't had time to get away to the country yet. So they were starting their summer tan early.

The little side street beaneries off Broadway have attained great popularity of late. People used to sneak in but now they go in openly and unashamed and come out as nonchalantly as though leaving old Sherry's or Dear Old Del's.

## FRESHMEN SENATORS

Intimate Personal Sketch of the New Arrivals in Congress Who Will Pilot Nation Through Reconstruction Days.

WASHINGTON, Aug. 25.—In the freshman class of the United States Senate—those men who are beginning their first term—the most modest is Senator Arthur Capper, twice Governor of Kansas and a prosperous publisher. Quiet and unassuming, but deeply in earnest in his every move, Senator Capper is fast gaining prestige in the Senate as a man of strong convictions and the courage to follow those convictions to the end.

In personal appearance Senator Capper is but of medium stature, slight in build and not at all statesmanlike in his manner of attire. His smile, however, is sufficient to gain him wide respect and friendship because it is an honest smile.

Sensor Capper rose to the Senate by way of newspaper offices. He learned typesetting when a schoolboy and upon his graduation from high school went to Topeka and became a compositor on the Morning Capital of that city. He was eager to learn the newspaper business, however, and sacrificed a weekly wage of \$20 to take a place as a reporter with a "salary" of \$10 a week. Senator Capper rose rapidly in the editorial staff of the Morning Capital, became city editor and then managing editor. Still unsatisfied with his newspaper experience he left the corn belt and went to New York where he worked for several months on the metropolitan dailies. Then he became a Washington correspondent and served for several months in the press galleries of Congress. Returning to Topeka he purchased The Mail, a small weekly paper published in North Topeka. This venture gave him confidence and he soon acquired another small paper. When his old paper, The Morning Capital was placed on the market and considered an undesirable purchase, Senator Capper bought it for \$1,000 in cash and \$54,000 in notes. Now he is the owner of eight newspapers with wide circulation throughout the Corn Belt States.

Sensor Capper first entered politics as a party worker and his vigorous editorial policies appealed to the people of his state who prevailed upon him to be a candidate for Governor. He failed of election, but tried again and was elected and then re-elected.

Oratory is not one of Senator Capper's natural abilities, but he has forced himself to become a public speaker and a good one. During the

## ODD JOBS FALL TO COPS LOT

Since state-wide prohibition went into effect, the duties of East Liverpool's patrolmen have been greatly lightened, but they are daily called upon to perform many really funny obligations.

Saturday, Desk Sergeant Kennedy was greeted over the tele-

The young woman's mother happened to be in Lisbon Saturday and at her request Kennedy got into communication with the mother and conveyed her the sad news.

"We have calls like that every day," Kennedy said.

## CHESTER RAIL BUILDER DEAD

Thomas McNally, aged 61, president of the Monongahela Construction company and Thomas McNally & Son company, died suddenly Sunday, at his home in Pittsburgh.

He was born opposite the Fourth avenue station and began life as a newsboy the winter of 1854, continuing in this capacity until 1870, when he began steamboating from Pittsburgh to New Orleans, working as cabin boy, lamp trimmer and deckhand until 1877, when he went as a laborer on the construction of the Pittsburgh & Lake Erie railroad, shortly afterward being made foreman of the pile-driving and trestle gang.

In 1881 he went into business for himself as a sub-contractor. In 1883 he went with Booth & Flinn on general contracting, and leaving them in 1889 he again began business for himself and has executed large contracts, among them being the construction of more than 400 miles of street railways in Rochester, N. Y.; St. Louis, Mo.; New Orleans, La.; Indianapolis, Ind.; and Pittsburgh, the piers and foundations for the McKeesport suspension bridge, Seventh street bridge and Thirty-third street bridge, Pittsburgh; laid and placed in the streets of the city and vicinity 76 miles of natural gas mains; constructed Beechwood boulevard from Schenley park to Highland park; constructed the Cumberland branch of the Pennsylvania railroad from Kennelworth to Chester, W. Va.; constructed the Hazelton yards for the Pittsburgh & Lake Erie railroad; constructed the Schenley park race track; was awarded first contract on the New York aqueduct, amounting to approximately \$5,000,000; constructed \$2,000,000 worth of

work on the New York barge canal and undertook the construction of Spencer street from Lincoln avenue to Upland street, including a concrete bridge.

One of the first contracts awarded his concern was following the Johnstown flood, when he gathered 9,000 men and cleaned the streets, pulled down dangerous buildings, and left the town so that business people could erect temporary business houses. He also constructed the Franklin & Clearfield railroad company's bridge over the Allegheny river at East Sandy, Pa. Mr. McNally was a member of the Eagles, B. F. O. E. No. 11; Washington lodge F. & A. M. No. 253; Duquesne Commandery No. 72; Veteran Masons and Syria Temple Shrine. He was married in 1889, and besides his widow, a daughter, Mrs. Frank Spuhler, and a son, Sellers McNally, survive.

## SCHOOLS WILL OPEN SEPT. 2

The fall term of Chester and Grant district schools will begin Tuesday morning, September 2. County Superintendent of schools H. O. Miller announced Monday. Butler district schools will open September 2, while the Clay and Poe schools will not convene until September 15.

A few rural schools are still without teachers, Mr. Miller said. These will be filled before the term opens, however, he stated. E. E. Oldaker, superintendent of the Chester schools has just returned from a vacation to Cambridge City, Ind. The faculty of the Chester schools is still incomplete, but a number of applicants have been received and a complete teaching staff amounting to approximately \$5,000, will be available when the school bell rings.

## Now Is a Good Time To Drive Out Catarrh

The Trouble Is in the Blood. Summer catarrh, with its nausea, discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter. That's why it is so important to treat catarrhs and other blood disorders with S. S. during warm weather, and thus free the system from all impurities. It is now an established fact that catarrh is in the blood and that lotions and salves do not give relief. The experience of others has proven that S. S. strikes at the very root of the trouble and eliminates it. Waste no time in this matter, for it is of the utmost importance. Write to our Medical Advisor about your case. Address Swift Specific Co., Dept. 55, Atlanta, Ga.

WILL NOT PURCHASE  
ARMY FOOD HERE

Indications are that Newell will not avail itself of the opportunity to purchase surplus army food from the government at a cost far beneath the present price of the commodities which the government is selling through the mails, according to Postmaster H. A. Turk Saturday.

Although the postmaster has been ready to accept orders for a whole week, not a single order was received.

"By the time we begin to receive orders, if any, the food will have already been sold," Postmaster Turk said Monday. "The government has reduced the postal rates to make it cheaper for the consumer to buy the food which is offered at a low price. Still no one in Newell has taken advantage of the sale."

FINE PROGRAM FOR  
LABOR DAY ARRANGED

Newell will have its own boxing card on Labor Day, when a number of contests between pugilists of championship mettle will be fought in different places throughout the East.

George Neal, secretary of the Clark branch of the Old Fellows' Lodge of Newell, said Saturday that, even though the participants in the five boxing contests on the picnic card September 1 are not in the championship division, they will give exhibitions of boxing which will draw the respect of fans who even contemplate going to a larger city to see a match.

The card as arranged by Neal will include matches between the following contestants:

Stanley Rose vs. Kid Edgar, Fighting Wop vs. Battling Wood, Guy Twyford vs. K. O. Johnson, Harry Heckathorne vs. Brade Mackenzie and Eddie Moore vs. Roundhouse Davis.

"And if there is any better card that can be offered on that day the fans of Newell, I'd like to see it," said Neal Saturday.

TEACHERS' INSTITUTE  
OPENS AT WEIRTON

A teachers' institute at Weirton opened Monday and will continue in session during the week, adjourning Friday evening. The sessions will be held at the Weir high school building. Under the state law all teachers are required to attend institute. The music will be in charge of Prof. W. D. Johnston of the Weirton schools.

PUBLIC SCHOOLS AT NEW  
CUMBERLAND OPEN SEPT. 2

The public schools of New Cumberland will open on Tuesday, September 2. Miss Thelma Mercer will fill the vacancy caused by the death of Miss Eleanor Patterson. Prof. Reedy takes the place of Prof. Harry Smith as principal of the high school. A new science teacher has been elected to fill the position formerly held by Prof. Cline.

## Game Canceled.

Because, it is claimed, the team has disbanded, the management of the Oakland club, East Liverpool Monday, canceled the baseball game with the Newell team, scheduled to be played at Newell Tuesday evening.

The Colored Giants of Wellsville will oppose the Newell club at Newell Thursday evening.

FINDLAY—Announcing that over 17 cards have been received, giving facts concerning automobiles stolen since August first in Ohio, local police officials predicted that more than 300 cars will have been stolen throughout the state this month. Local automobilists are urging that these offenses be covered by federal statute.

MANY ORDERS  
FOR POTTERIES

Heavy volumes of business in potteries is causing manufacturers to face one of the most perplexing problems in the ceramic history—that of filling orders on time, and may result in construction of continuous kilns of firing bisque ware.

A number of local potteries inspected a continuous kiln at the Limoges China company in Sebring a few days ago. According to published reports, they found that the increase in production from the continuous or tunnel kilns over the productions of up-draft kilns was so great that no comparison was to be made.

There has been no increase in kiln capacities in local potteries for the last seven months, excepting construction of additional decorating kilns at Chester and Newell.

Lack of space in which to work and increase production is not, however, stopping improvements. The Edwin M. Knowles China company of Newell is now showing a new plain dinner shape has which been named the "Hampton." This company is the first among local potteries to show a new shape since before the war.

The Cartwright Bros. Pottery company is also showing a new plain shape, the "Argonne." The Homer Laughlin China company will bring out a plain and fancy shape for the 1920 trade this fall.

The West End Pottery company is showing the first piece of a new plain shape and the Standard Pottery company will also show a plain shape this fall.

The Knowles, Taylor & Knowles company will have a new shape to display in sample rooms by November.

TORQUAY WILL BE THE  
LOS ANGELES OF ENGLAND

LONDON.—Torquay, the beautiful Wales watering place just off the Bristol Channel, promised to become the British equivalent to Los Angeles as a center for motion picture studios. Many scenes already have been filmed in the Torquay region.

British movie producers are alive to the necessity of improving their goods if they are not to be further outclassed by American rivals.

CANTON.—Rev. T. P. Bollinger, who recently resigned the pastorate of the First Reformed church, will leave, about September 1, for Madison, Wisconsin, which will be headquarters for his work as director of church extension. He will cover the greater part of the northwest and the Pacific coast.

Measuring Device Installed  
GREENVILLE.—A device for measuring material sold and computing the amount of the purchase has been installed by a local dry goods store. The device moves on an iron rail fastened to the counter.

The goods sold is drawn through a slot near the bottom of the device. Small wheels between which the goods pass tighten and release the tension on the goods. The amount purchased is indicated on a clocklike affair on top of the machine. When the yardage is indicated, a mark is made on the goods showing where it should be cut from the roll.

While being measured, the cost, also, is computed, a table on the machine's front indicating the amount of the purchase. It is possible to measure any amount up to 12 yards, when the operation is repeated.

Constipation Results When Hot  
Weather Stops Exercise

WHEN the system has become accustomed to a certain daily routine of exercise and food, health is quick to suffer if that routine is interfered with. The bowels are first to notice the change.

Different water is enough to constipate. Changes of food when traveling, much sitting by those accustomed to long walks will do it. It is especially true that when elderly people change their routine they quickly become constipated. Yet elderly people should be particularly careful to keep their bowels open, especially during the hot months.

A better remedy for the purpose cannot be found on a druggist's shelf than Dr. Caldwell's Syrup Pepsin. It is a

combination of simple laxative herbs with pepsin which trains the stomach's muscles to do their work naturally so that medicines can be dispensed with. Only a small dose is needed, and unlike harsh physics and cathartics, it acts gently and without gripping.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size, or a free trial bottle will be sent on receipt of your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

CHICAGO, Ill.—"That's a good fellow, lend me five," may be heard frequently around the Chicago City Hall hereafter, unless city employees learn the thrift lesson which City Treasurer Henry Stuckhart is going to teach them. Hereafter the city will make no more salary advances to its employees.

According to Stuckhart, about 15 per cent of the employees at present collect nothing but I. O. U.'s when the bi-monthly payroll rolls around. They recently received an increase in pay, and Stuckhart says they should get along without borrowing. Anyhow they will have to as far as the city is concerned.

READS OF SCANDALS, ACCUSES  
HUSBY OF SAME THINGS

CHICAGO.—Whenever she read of indiscretions of other men she believed him guilty of similar acts of misconduct, Frederick R. Bennett, suing Mrs. Nettie M. Bennett for divorce, told Judge David M. Brothers in Circuit Court here.

"She left me May 1, 1915, while we were living in Toronto," testified Bennett. "Every time she read some scandal in the papers she accused me of the same thing. I was faithful, but couldn't convince her."

He got the divorce.

\$100 FINE FOR GETTING  
DRUNK AFTER JULY 1

ST. LOUIS, Mo.—James E. Evans has acquired the distinction of being the first prisoner accused of drunkenness before Judge Mix, of City Court, since July 1. Policeman Baester testified Evans had gone to sleep on the street ying up traffic.

"You are the first drunk in my court since July 1," said Judge Mix, "and for that reason."

Evans saw a ray of sunshine. "And for that reason," continued the Judge. "I am going to fine you \$100 and costs."

ST. LOUIS, Mo.—The high cost of living is almost equalled by the high cost of dying.

The hospitals here have advanced the price of rooms 30 per cent. A funeral that once cost \$100 now costs \$160. The hearse driver, who once was willing to work for \$9, now charges \$12. The grave that could be secured for \$30 several years ago has gone up to \$40, and the grave digger will not touch a pick and shovel for less than \$3 a day, whereas he used to work for \$1.50. Mourners must pay \$2 for a ride in an automobile to the cemetery instead of the former charge of \$1.50. The tombstone that used to retail for \$100 now costs \$125. Flowers also cost more.

Undertakers, cemetery keepers and monument makers who furnished these facts say that still higher prices are likely.

Anyone Can Make a Pint For  
Trifling Sum and Used In  
Time May Prevent  
Annual Attack

"No matter how severe your yearly attack be,  
No matter how distressing or humiliating—

Its intensity can be reduced to a harmless, mildness."

says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arce into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arce in one ounce vials is dispensed by all the better pharmacies.

Deserves Big Hunk of Credit  
If Sox Get Into  
Finals.

By N. E. BROWN.

Atlas, the well known strong man who carried the world around on his shoulders, didn't have much on Joseph Jackson, outfielder of the league leading White Sox.

Joe has been carrying the rest of the Sox gardeners around on his bat, swattingly speaking.

Back in 1917, before the much heard about war clouds disrupted the big league, Joe Jackson had three .300 hitters for his gardeners—Joe, Eddie Murphy and Oscar Folsch. J. Collins and Nemo Leibold, both classy fielders, were warming the bench.

When the present free-for-all started, Kid Gleason, Owner Comiskey and the fans in general counted on at least two .300 hitters in the pastures—Jackson and Folsch—and they hoped that either Leibold, Collins or Murphy would be able to hit a gait close to the charmed circle.

Murphy, according to recent statistics, has been hitting .400, but he has broken into only eighteen games—usually as pinch hitter. Leibold and Collins have been hitting way down the list.

Jackson, though, has been going better than ever. The year's records show where he has broken up games after game with his big bat.

Eddie Cicotte, Jackson's teammate, recently paid Joe the compliment of being the best straightaway hitter the pitcher ever had seen. Cicotte has pitched to most of the present day sluggers and many of the stars of recent years who have since retired. He ought to know.

Jackson's work this year is all the more remarkable when it is considered that he started under two great handicaps.

First of all, he left the game early last season and, while he played with shipbuilding outfits, it isn't reasonable to believe that he kept the form he would have maintained had he played with the major league club up to the finish of the season.

Then public sentiment was against him. Joe had to stand for the old raspberry for many a day at the start of the season for accepting a job in the shipyard when the famous work or fight order was issued.

Jackson is naturally one of the hottest tempered boys in baseball. He had to stick his temper in his locker when he trotted out onto the field and kept his head and his nerve up when the music started.

If the White Sox pass on up into the grand finale Joe Jackson can be given a substantial hunk of credit for the team's showing.

ILLNESS FAULTS TO KEEP

COLUMBUS, Aug. 25.—Accompanied by two nurses and a physician, George Oyster, Jr., of Washington, D. C., will be a privileged patient at the hospital on the state fair grounds.

State officials have been informed that Oyster is enroute to this city.

A lover of horses, he will not let his illness prevent him from attending the second annual percheron breeders' show at the Ohio state fair this week.

## TAD'S TID-BITS

NO HEAVYWEIGHT EVER HIT LIKE DEMPSEY  
NEW YORK, Aug. 25.—Every now and then you hear some fellow say that Fitz or Jeff or Maher could hit like Dempsey. They could hit a bag, probably, but they were never as accurate or as speedy as Jack Dempsey is while in the ring.

Jeff never made any speed in his bouts. He was a big powerful fellow, but was as cautious as a cat and usually fought a long time before he put the crusher on. Fitz usually took a pasting himself before he ever won his fight. Then, like a longshoreman, he slugged his way to a win.

Maher was a good hitter, but he doesn't delay a minute. Some fighters say that he had tin foil in his hands. Dempsey laughs at the idea himself. They can't understand why it is that he hits such terrific punches. The answer is that Dempsey hits the way that Babe Ruth bats. He puts everything into that swing and lets her go.

Dempsey goes in to kill or be killed.

## No Relation.

A newspaper heading the other day read: "Canadian boxer dies in dive." We hurriedly scanned the story but it wasn't Fred McKay. If diving were dangerous they'd have had the candles near Fred's head years ago.

## August Great Fight Month.

August was a great month for fighters. Looking down the list we find that some of the greatest fighters we ever had battled during that month. Give this list the north and south.

1883—John L. Sullivan knocked out Herbert Slade, three rounds, New York.

1887—Jim Corbett and Jack Burke, eight-round draw, San Francisco.

1898—Jim Jeffries beat Bob Armstrong, ten rounds, New York.

1899—Tommy Ryan beat Jack Moffatt, twenty rounds, Dubuque, Ia.

1900—Bob Fitzsimmons knocked out Gus Ruhlin, six rounds, New York.

1900—Bob Fitzsimmons knocked out Tom Sharkey two rounds, Coney Island.

1909—Jim Corbett knocked out Kid McCoy, five rounds, New York.

1903—Jim Jeffries knocked out Jim Corbett, ten rounds, San Francisco.

1901—Abe Attell and George Dixon, ten rounds, draw, Denver.

1903—Frankie Neil knocked out Harry Forbes, two rounds, San Francisco.

1904—Jim Jeffries stopped Jack Munroe, two rounds, San Francisco.

1905—Tommy Burns knocked out Dave Barry, twenty rounds, San Francisco.

1908—Stanley Ketchel knocked out Joe Thomas, two rounds, San Francisco.

1908—Tommy Burns knocked out Bill Squires, thirteen rounds, Sydney N. S. W.

1911—Willie Lewis knocked out Sailor Burke, six rounds, New York.

1911—Sam Langford knocked out Jack O'Brien, five rounds, New York.

1911—Al Palzer knocked out Tom Kennedy, nine rounds, New York.

1911—Matt Wells and Knockout Brown, ten rounds, draw, New York.

1912—Abe Attell and Tommy Murphy, twenty rounds, draw, San Francisco.

1912—Jess Willard and Luther McCarthy, ten rounds, draw New York.

## Peter Jackson's Finish.

Those who declared Jim Jeffries a great fighter because he licked Peter Jackson might read the following with interest. This is a description of Jackson two years before he met Jeffries:

"In March of 1896 the London correspondent of a New York paper wrote, under a picture of Peter Jackson clad in the height of fashion and holding a glass of champagne in his hand: 'Almost any afternoon between 4 and 5 o'clock may be seen walking down the Strand the wreck of what was once one of the greatest fighting men the world has ever seen. As the powerful figure sweeps along, the massive shoulders a trifle stooped, the mighty hands hanging listless, the eyes glazed and fixed straight ahead, the crowd part respectfully, for he is one of the most popular men in London. They look after him till he disappears, and then they shake their heads, regretfully and mutter: 'I say, but ain't it a bloomin' shame, poor old Jackson?'"

"With the exception of the appearance of his eyes and a certain flabbiness of body and laxity of movement, Jackson's London life has left slight marks on him. Alcohol has not swollen his face, and his cheeks have the old look, while the high cheekbones, which usually go with the combative temperament are as prominent as ever. It is only when he talks or when he moves around that the change in him is noticed. Sometimes wait now and his glass his big hands shake a little, and there is a curious air about him. Then in his speech, as if he were groping for something he could not find. He has no occupation, Jackson apparently has plenty of money. He dresses in the very latest fashion, and from the crown of his highly polished hat to the soles of his patent leather shoes he is a model of correct attire."

VETERANS WILL  
ORGANIZE SOON

Will Put First Class Team On  
Field—John Coleman Will  
Take Charge of Squad.

John Coleman's pigskin chasers, who will be more formally known this fall as the Veterans of Foreign Wars' eleven, are counting on jolting the natives with a first class football team.

The Veterans' team will be composed entirely of men who have seen service with the marines, soldiers or sailors in foreign territory in the recent war with the Teuton. Picking a first class team from this aggregation is not nearly as difficult as it first appears on the face of matters for practically all of East Liverpool's athletic satellites were visitors across the pond during the recent embargo.

"For instance," says Johnny Coleman, "Do you suppose I'd have a hard time picking a backfield? Just look—there's Charles Kapp, Hen Vordran, Art Smith, 'Haywire' McLaughlin, John Canavan, and—there's plenty right there and there's lots more material. All they'll have to do is to get out on the field and play."

Coleman has the right idea—there is absolutely no dearth of material. In fact the balance swings the other way. With such a bunch of football players, a good many of whom have secured their gridiron experience in high school under competent coaching and many of whom have been playing the game since they were big enough to carry a ball. Coleman ought to be able to organize a squad capable of putting East Liverpool right in one

SAYS PAT TO MCGRAW, "HAW HAW, HAW HAW"

By N. E. BROWN.

If the city on the Ohio river walks off with the National league gonfalon this season John McGraw will stand out as the most generous gent of the season. For he can then be given credit for having given away a pennant.

Last spring President Baker of the Phillies decided that he could get the maximum added interest in his club this season for the least money if he just fired Pat Moran and hired somebody else as manager. The fact that Pat Moran won a pennant for him in 1905 with Grover Alexander, Wade Kilfer and seven other uniforms, was forgotten.

He just told Pat to leave the key to his locker at the club house.

Pat went home for a few days and then looked around for something to do this summer. McGraw had several young pitchers that needed tutoring, so he hired Pat as coach of the rookie hurlers.

## Garry Makes Pat Offer.

Then one day Garry Herrmann, president of the Reds, asked Moran to come to the city of forlorn hopes and lead the Reds.

"If you want to take a chance it ain't my funeral. Let's have a cigar," said Mac.

So Pat packed up again and hit the trail—for oblivion, most folks thought.

Cincinnati fans laid down their hammers, handy by, and gave Pat a chance.

Now the Cincinnati club has the inside track on the pennant. And, giving due credit to the players of the club, it has been namely Moran's per-

sonality, his all-around baseball ability and his keen leadership that has put the Reds where they are.

While many rabid fans around the National league circuit and even in the American league are giving the pennant to Moran now, the Cincinnati fans and sport writers are taking a very sane view of the situation and have not conceded the flag to their club.

## How Cincinnati Fans Feel.

One of the Cincinnati baseball scribes probably expresses the view of Redland when he says:

"McGraw's men have a long stay at home and they will do everything in their power to stick close to the Reds and trust in our boys having something of a slump before the end of the season. The season is far from over and both teams have an excellent chance."

"It is much too early to begin erecting the flagpole at Redland field. The fans all have complete confidence in Manager Moran and his men, but the games must be won on the diamond and not in the lobbies of hotels or other public places. The Reds still have games to play with the Cubs, who think they have a possible chance for second place, though admitting that they can scarcely hope to beat out both the Reds and the Giants. Our boys will therefore have to keep on going at a fast clip and that is their intention and ambition. The team may well inspire confidence, for it is well handled and all the boys are keyed up to a winning notch."

"It is now on its last long trip and it is over the hardest part of the journey, for the series at the

Polo grounds is through for the season, but there are a row other hard spots to be safely traversed and the Giants are still a dangerous contender. But the boys have a lot of confidence in their manager and in one another, which means a great deal in a hard struggle like this. If the team can hold its own for the next two weeks and come home in first place or within a game or two of that admirable position, it is reasonably sure to make a powerful finish, for the skill, speed and courage are there and will not be denied."

TEAMS TO PLAY FOR  
INDEPENDENT PENNANT

BELOIT, Kan., Aug. 25.—Something unique in the history of amateur baseball in Kansas is the annual statewide tournament of independent baseball teams. The winning team will be given the title "Independent State Champions," \$700 in cash and a silver cup.

## Pheasants Damage, Say Farmers.

Windsor, Col.—There is a law protecting pheasants, but the farmers to this section have asked permission to kill them because of their damage to crops. One instance of the activity of these birds is told by a farmer who states one field embracing ten acres was almost entirely stripped of leaves. They also eat the crown out of growing beets, and this has resulted in thousands of dollars loss to farmers.

PYLE'S CLUB AT  
GEORGETOWN

Manager Shel Pyle's Helmies club is scheduled for a warm reception at Georgetown Tuesday evening whither they go to meet the Independent outfit of that place. The local players will leave here on the 5 o'clock interurban.

The Georgetown club defeated the fast Chester Independents last Tuesday night at Georgetown with Frank Frost on the mound for the West Virginians and expect to hand the Potomacs a mauling Tuesday.

## TAGGING THE BASES

Harold Carlson's wild pitch in the tenth gave the Giants the only run of their game with Pittsburgh, but it was enough for Fred Toney.

Ray Caldwell made his debut with the Cleveland Indians and won his game though felled by a bolt of lightning which struck near the park during the game with the Athletics.

Lefty Williams hurled the Sox to another victory over the Yanks. Williams was ably assisted by Eddie Collins.

The Browns failed to score a run off Zachary and Johnson of the Senators, and Washington checked its losing streak of six straight games.

Sherry Smith kept Cardinal hits well scattered, winning for Brooklyn. Tommy Griffith slammed out a homer in the eighth with Olson on the paths.

The mighty Babe Ruth added two home runs to his string of 20 for the season and figured largely in Boston's victory over the Tigers.

Ruth has now but three homers to make to tie Jimmy Freeman's major league record.

The Cubs tried their brand of baseball on the New Haven Eastern League team, and were shut out with five hits by Pitcher Courtney.

## GRANDS TO MEET

A meeting of the Grand football team will be held on the second floor of the Grand Billiard parlors in Washington street Monday evening. Business of importance will be transacted. All local players are urged to attend.

### Bear Oil Grows Hair

One of the potential ingredients of Kotako—for the hair—is genuine bear oil, procured through hunters at a large cost. There are other active ingredients not found in any other hair preparation. It has succeeded in many cases of baldness, falling hair and dandruff when every other hair lotion or treatment has proved futile. \$3.00 guaranteed. Why become or remain bald if you can grow hair? If others have obtained a new growth through Kotako, why not you? ### HOW WEAK WOMEN ARE MADE STRONG

Mrs. Westmoreland Tells in  
the Following Letter.

Harrison, N. Y.—"When my first  
child was born I did not know about  
Lydia E. Pinkham's  
Vegetable Compound and had a very  
hard time. I read in the newspaper about  
the Vegetable Compound and when my  
second child came I took it and was well  
during the whole time, and childbirth  
was a hundred times easier. Ever since  
then I have used it  
for any weakness and would not be  
without it for the world. I do all my  
work and am strong and healthy. I am  
nursing my baby, and I still take the  
Vegetable Compound as it keeps a woman  
in good health. You may publish my  
testimonial for the good of other women,  
if you choose to do so."—Mrs. C. WEST-  
MORELAND, Harrison, N. Y.

Women who suffer from displace-  
ments, irregularities, inflammation,  
ulceration, backache, headaches and  
nervousness should lose no time in giving  
this famous root and herb remedy,  
Lydia E. Pinkham's Vegetable Com-  
pound, a trial, and for special advice  
write to Lydia E. Pinkham Medicine  
Co., Lynn, Mass.

### JUSTIN POSEY DIED SUNDAY

Justin E. Posey, 36, of Cadmus street,  
one of the three men injured in an  
explosion at the International Pulp  
Stone quarries in the West End Friday  
afternoon, died at the City hospital  
Sunday noon.

Posey was badly burned over his  
entire body when a can of powder,  
from which he was charging a blast  
hole ignited, enveloping himself and  
two fellow-workmen in a curtain of  
flame.

William Matheny, Newell, and Mar-  
ion Jones, Short alley, the other two  
persons injured in the explosion, will  
recover. Matheny is at the City hos-  
pital, while Jones is receiving medical  
attention at home.

Funeral services for Mr. Posey will  
be held at 2 p. m. Tuesday from the

home of a sister, Mrs. Farmer, Prince-  
ton avenue. Posey is survived by his  
widow and one child.

### MIDNIGHT HOUR SAW M. L. BETZER EVER WIDE AWAKE

But 'Twas Different When Nerv-Worth  
Brought Him Restful Sleep and  
Other Blessings.

Mr. Betzer is a well known resident  
of Fostoria, who works at the National  
Carbon works. This is what he said  
not long ago:  
"I was in Easton's drug store and  
the demonstrator of Nerv-Worth gave  
me a sample dose and I decided to  
try Nerv-Worth for sleeplessness. I  
had a sick spell in July and it left me  
with a nervous condition so that I  
could not sleep. I was weak in the  
legs so that I could not work without  
being tired out at night. I am using  
my second bottle of Nerv-Worth and  
I am happy to say I sleep good now  
and not a bit nervous and I am get-  
ting more strength every day.
